

DESCRIPTION

The LE-SW4 is a Bluetooth enabled, line voltage wall switch used to manage luminaires. The switch can be linked to one or more luminaires or groups of luminaires via the LiteLogic app. The LE-SW4 can initiate up to 4 scenes at the touch of a button. It can be used to easily retrofit existing wall switches.

FEATURES & BENEFITS

- Includes LiteLogic wireless Bluetooth® mesh technology
- Easy on/off and dimming control with up to four (4) scene options
- Ideal for retrofit applications, 120-277VAC (neutral wire required)
- Status indicator light
